

FY2023 RESIDENT COURSE CALENDAR

Institute for Security Governance

QUARTER 1	MASL#	COURSE TITLE	EVENT DATES	CERTIFICATION
	P159200	Principles of Defense Acquisition Management	17 - 28 Oct 2022	PME, E-IMET
	P159202	Principles of Defense Procurement & Contracting	31 Oct - 11 Nov 2022	PME, E-IMET
	P179069	International Defense Acquisition Negotiations	14 - 23 Nov 2022	PME, E-IMET
	P179840	Women, Leadership and National Defense	31 Oct - 11 Nov 2022	PME, E-IMET
	P173019	Security and Irregular Migration	14 - 23 Nov 2022	PME, E-IMET
	P179548	Fundamentals of Maritime Security	05 - 16 Dec 2022	PME, E-IMET, CTIWFP/RDFP
	P170001	Executive Program in Defense Decision Making	05 - 16 Dec 2022	PME, E-IMET, CTIWFP/RDFP

QUARTER 2	MASL#	COURSE TITLE	EVENT DATES	CERTIFICATION
	P170024	Defense Governance	30 Jan - 10 Feb 2023	PME, E-IMET
	P179847	Comprehensive Approaches to Counter Hybrid Threats	30 Jan - 10 Feb 2023	PME, E-IMET
	P179929	Energy Security & Critical Energy Infrastructure Protection	13 - 24 Feb 2023	PME
	P179018	Civil-Military Responses to Terrorism	13 - 24 Feb 2023	PME, E-IMET, CTIWFP/RDFP
	P170370	Cybersecurity Policy & Practice	27 Feb - 10 Mar 2023	PME
	P159200	Principles of Defense Acquisition Management	27 Feb - 10 Mar 2023	PME, E-IMET
	P159202	Principles of Defense Procurement & Contracting	13 - 24 Mar 2023	PME, E-IMET
P179069	International Defense Acquisition Negotiations	27 Mar - 05 Apr 2023	PME, E-IMET	

QUARTER 3	MASL#	COURSE TITLE	EVENT DATES	CERTIFICATION
	P170475	Civil-Military Coordination in Disaster Relief	10 - 21 Apr 2023	PME, E-IMET
	P179928	National Resilience for Defense & Security	24 Apr - 05 May 2023	PME
	P179927	Building Institutional Capacity in the Maritime Security Sector	10 Apr - 05 May 2023	PME, E-IMET
	P170001	Executive Program in Defense Decision Making	08 - 19 May 2023	PME, E-IMET, CTIWFP/RDFP
	P179938	Developing Cyber Organizations and Workforces	05 - 16 Jun 2023	PME, E-IMET (pending)
	P179623	Principles of Defense Acquisition & Contract Management (Spanish)	05 - 16 Jun 2023	PME, E-IMET
P179018	Civil-Military Responses to Terrorism	19 - 30 Jun 2023	PME, E-IMET, CTIWFP/RDFP	

QUARTER 4	MASL#	COURSE TITLE	EVENT DATES	CERTIFICATION
	P179927	Building Institutional Capacity in the Maritime Security Sector	03 - 28 Jul 2023	PME, E-IMET
	P170030	Managing Internal Conflict	03 - 14 Jul 2023	PME, E-IMET
	P179085	UN Peacekeeping Operations Contingent Commanders Course	17 - 28 Jul 2023	PME, E-IMET
	P179939	Human Capital Decision Making for Defense Institutions	31 Jul - 11 Aug 2023	PME, E-IMET (pending)
	P179931	Institutional Capacity Building for Logistics	14 - 25 Aug 2023	PME, E-IMET
	P179898	Strategies & Capabilities for Cyber Challenges	28 Aug - 22 Sep 2023	PME
P179897	Securing the State: Building Institutions for National Security	28 Aug - 22 Sep 2023	PME, E-IMET	

This calendar was adjusted in January 2022. If applicable, Restriction of Movement (ROMs) are the two week duration (Friday-Friday) prior to any pipeline. Abbreviated resident course descriptions are located on the next page. For full course descriptions, visit instituteforsecuritygovernance.org. Courses are typically funded by IMET, FMF, FMS, CTIWFP/RDFP, PKO, and other DoD-wide O&M funds (333, 332, MSI, etc.) on a case-by-case basis. Cost estimates can be obtained by contacting ISG at ISG_IMSO@nps.edu or applicable NETSAFA Country Program Manager.

P159200 - Principles of Defense Acquisition Management

This course provides participants with an understanding of the important concepts associated with defense acquisition and logistics decision making in a variety of national settings. Participants will examine the complete defense acquisition life cycle from planning through equipment disposal. International best practices are discussed along with the challenges associated with implementation.

P159202 - Principles of Defense Procurement and Contracting

This course provides a theoretical and practical examination of all phases of the contracting process. Fundamental concepts are discussed for both national and global defense contracting. International best practices are examined along with the challenges associated with institutionalizing efficient and effective procurement systems.

P179069 - International Defense Acquisition Negotiations

This course focuses on planning and preparing for negotiations with an emphasis on negotiation of complex issues in international armaments contracts. Particular emphasis is placed on the strategies, techniques and characteristics of good negotiators. Participants learn their negotiating style tendencies and how and when to adapt their negotiation style given the behavior and goals of the parties.

P179840 - Women, Leadership and National Defense

This course supports partner nations as they develop and implement gender policies aimed at augmenting the representation and prospects for women in security and defense institutions. It provides practical, strategic, and political insights into women's inclusion and promotion within decision and policymaking processes.

P173019 - Security and Irregular Migration

This course is designed to assist those responsible for the complex state security and humanitarian challenges that are posed by irregular migration. To overcome these challenges, this course explores comprehensive approaches, accompanying capabilities, and effective policies for the management and treatment of irregular migrants. It also investigates how whole-of-government approaches to irregular migration deter bad actors, strengthen society, secure the homeland, and meet foreign policy goals.

P179548 - Fundamentals of Maritime Security

This course covers transnational maritime threats (terrorism, armed robbery at sea, smuggling and trafficking of arms, drugs and people, IUU fishing, cyber, and pollution), and provides tools, strategies, and best practices to address those threats. It emphasizes how to enhance maritime domain awareness, maritime governance, port security, institutional capacity, and human capital development.

P170001 - Executive Program in Defense Decision Making

The goal of this course is to empower participants with the knowledge and skill sets needed to be effective decision-makers, and act as agents of change to transform their security institutions to address ever-evolving national security challenges.

P170024 - Defense Governance

The goals of this course are to empower participants with the knowledge and skill sets to successfully govern defense institutions in whole-of-government planning and operations and to bolster efficiency and effectiveness within and between defense institutions in order to better address national security challenges.

P179847 - Comprehensive Approaches to Counter Hybrid Threats

This course examines national, regional, and collective security capacity and capabilities requirements to support a comprehensive approach to countering hybrid threats. Participants will identify key public and private organizations; consider the impact of political processes and explore policies and cooperation frameworks; and analyze methodology that supports operational and strategic understanding, willingness, collaboration, and execution of a viable approach to counter hybrid threats.

P179929 - Energy Security & Critical Energy Infrastructure Protection

This course will orient participants to successful 'whole-of-government' efforts to develop and assess plans, policies and procedures related to energy security and resilience. It will explore government coordination with the civil and private sectors, reflecting the interconnected and interdependent nature of energy security stakeholders in ensuring uninterrupted energy.

P179018 - Civil-Military Responses to Terrorism

This course provides a holistic understanding of terrorism as one of many transnational threats all governments face. The program utilizes case studies and a table top exercise to stimulate discussion which assists in providing participants with the insight needed to design successful strategies to defeat terrorist networks, protect citizens and property, and address the root causes of terrorism.

P170370 - Cybersecurity Policy & Practice

This course helps develop capabilities to defend cyberspace from attack. National security, economic prosperity, and citizen safety are threatened daily through exploitation, intrusion or disruption in cyberspace by criminal, transnational, or regional competitors. This offering explores cyber concepts and evolving technologies for decision makers to design and implement policies and practices for safeguarding the use of cyberspace.

P170475 - Civil-Military Coordination in Disaster Relief

This course develops a comprehensive understanding of how national governments organize and use their armed forces to support domestic disaster response and international operations. It emphasizes cross-community understanding that focus the ways that armed forces, government civilian agencies, nongovernmental organizations, and inter-governmental organizations can work more effectively alongside each other in disaster relief.

P179928 - National Resilience for Defense & Security

This course will orient participants to successful 'whole-of-government' resilience models, in which all facets of society contribute to keeping their nation safe, sovereign, and functional. It will emphasize planning considerations and capabilities requirements for countering full spectrum threats and hazards that target the civil population and their access to security, timely and reliable information, and essential goods and services.

P179927 - Building Institutional Capacity in the Maritime Security Sector

This course will assist both civilian and military maritime security practitioners and decision-makers better understand current and emerging threats in order to prepare and implement appropriate service, inter-agency and regional responses at the operational and strategic levels. By demonstrating current operational doctrine, organization and global "best practices" for the planning and execution processes required to protect a nation's territorial seas and exclusive economic zone (EEZ). The course will cover risk analysis, maritime governance, enhancing maritime domain awareness (MDA) capabilities.

P179938 - Developing Cyber Organizations and Workforces

This course focuses on establishing an organization and workforce capable of conducting defensive missions in cyberspace takes careful, deliberate planning and collaborative relationships across a ministry and across government. It provides concepts and knowledge necessary to lead the development of an organizations' cyber strategy, cyber policy, cyber budgeting, cyber acquisition, and cyber workforce.

P179623 - Principles of Defense Acquisition & Contract Management (Spanish)

This course combines the Defense Acquisition Management (P159200) and Procurement and Contracting (P159202) courses into one course offering with Spanish language instruction with practical application within the Latin American context.

P170030 - Managing Internal Conflict

This course explores the causes of and responses to conflict within a country such as violent religious fundamentalism, terrorism, ethnic & communal violence, separatism, and insurgency. Many countries must confront these situations at home as well as abroad, such as during peace operations. Participants learn and practice conflict analysis techniques, gain exposure to prevention and political-military response strategies, and discuss security sector capabilities needed to respond effectively.

P179085 - UN Peacekeeping Operations Contingent Commanders Course

This course prepares potential commanders in the roles and responsibilities of contingent commanders, battalion commanders, and sector commanders in complex peacekeeping operations, both for UN and other multinational responses.

P179939 - Human Capital Decision Making for Defense Institutions

This course focuses on Human Resource Management (HRM) concepts/principles to build and strengthen partner nation (PN) institutional capacity, with a focus on Human Capital Decision Making.

P179931 - Institutional Capacity Building for Logistics

This course provides participants an opportunity to better comprehend and apply logistics management concepts and principles to build and strengthen their logistics institutional capacity. It examines eight logistics topics including logistics governance and operational planning.

P179898 - Strategies and Capabilities for Cyber Challenges

This course equips participants with the knowledge and skills to understand cyber threats, vulnerabilities and their consequences for national security and military operations. The course explores strategies and capabilities to maintain an advantage over actors who seek to exploit, disrupt, or damage critical networks, systems, and services that our societies and militaries depend upon. Instructors highlight the importance of a comprehensive approach that applies whole-of-government coordination, regional collaboration, and public-private partnership to counter cyber-enabled malicious actors across the spectrum of conflict.

P179897 - Securing the State: Building Institutions for National Security

This course equips participants with the skills needed to utilize capabilities-based assessments to identify capability gaps in the security and defense arenas. The course uses a mix of lecture, interactive small group sessions, simulation exercises, and discussion with subject matter experts to explore how to prepare national security institutions to address the national security threats. The course offers approaches to ensure healthy civil military relations and interagency coordination to ensure effective, whole-of-government responses to national security challenges.
