### Functional Area Description

The FMS functional area prepares the workforce member to understand how FMS cases advance national security objectives in support of U.S. foreign policy. Specifically, workforce members will be able to identify their role within the broad framework of FMS.

### How will this prepare you better for your work?

FMS is a system of systems that demands teamwork to develop cases effectively and responsively, while also addressing TSFD requirements. Fulfilling your roles and responsibilities will enable you to identify legal and policy guidance, solve complex problems, and implement FMS cases effectively – an essential outcome in an era of strategic competition. Ultimately this certification will prepare you to be effective and efficient in executing FMS programs as a Security Cooperation Workforce member.
