

Example Positions/Jobs

- Financial Management
- Human Resources
- Legal
- Information Technology
- Other functional areas aligned to the Security Cooperation (SC) enterprise that are not in day-to-day operation or management of SC programs.

Functional Area Description

The Support Enabler functional area prepares the workforce member to understand how Security Cooperation advances national security objectives in support of U.S. foreign policy. Specifically, workforce members will be able to identify their role within the broad framework of Security Cooperation.

How will this prepare you better for your work?

Security Cooperation is a system of systems that demands teamwork to develop cases effectively and responsively. It relies heavily on support personnel who may or may not work in the security cooperation enterprise on a daily basis. Ultimately, this certification will prepare you to be effective and efficient in supporting execution of Security Cooperation as a Security Cooperation Workforce member.
